EXAMS DICTIONARY

LONGMAN EXAMS DICTIONARY \$52.95

The new Longman Exam Dictionary is the only dictionary written specially for advanced exam students and comes with the Longman Exams Coach on CD-ROM. A wide range of vocabulary is the key to good results in IELTS, and developing this is an important part of exam preparation. Students often worry about low-frequency technical or specialised terminology, while ignoring words that they are likely to meet and need again and again in academic discourse. In the Longman Exams Dictionary these words are clearly marked and students will find full and accessible information about their form, meaning and use, which will help them to deal with IELTS academic reading and listening tasks more confidently. In addition, the support materials on CD-Rom will help students to activate this vocabulary and build up a solid base of academic English, enabling them to convey precise meanings within all the main IELTS topic areas, fluently and flexibly in both writing and speaking tasks.

PRE-IELTS PREPARATION

FOCUS ON IELTS FOUNDATION LEVEL

This new pre-IELTS course provides a solid grounding in the language and skills needed for IELTS. Students can later approach the next stage of IELTS preparation with greater confidence and improved chances of a high score in the final exam. The coursebook has 14 units focusing on all four areas of IELTS testing as well as grammar and vocabulary development.

Combining an Exam handbook and pre-IELTS workbook, this book is an ideal companion to Focus on IELTS Foundation Level but can also be used independently for short/intensive pre-IELTS courses

IELTS PREPARATION RESOURCES

101 Helpful Hints for IELTS – New Edition

Terry Peck and Garry Adams

This useful course book differs from most other IELTS-related material in that it is structured around giving the student comprehensive advice and hints for each of the four parts of the examination. This help-section is cross-referenced to four Sample Tests in Reading, four in Writing, and two listening tests which increase in difficulty as students progress. Students can easily identify problem areas and understand where they have made errors. Suitable for both for self-study or in a classroom program, this book also contains useful information about studying in Australia, a glossary of academic terms and a further-reading list. In the new edition, the authors have included useful IELTS and English language World Wide Web links and the new edition cassette contains the two sample Listening tests. The IELTS Listening Sub-test is the same for both the General Training and Academic Module candidates, thus the same cassette is used for both.

Study English-IELTS Preparation \$89.95

Activity Book & DVD

Study English-IELTS Preparation is a unique English language resource developed by ABC Asia Pacific and INSEARCH UTS. This is the first time audio-visual materials using authentic spoken English have been used to develop and teach English language skills with particular reference and application to IELTS preparation. It is a series of 26 units of work based on video interviews with native speakers of English. Speakers are mostly specialists on topic with relevance to IELTS. The video footage is drawn from science, education and current affairs programmes aired on ABC television. Each unite is based on a bite-sized ten minute episode, and uses spoken language to demonstrate aspects of English usage such as grammar, vocabulary and pronunciation. All key skill areas are addressed, including listening, reading, writing and speaking. The episodes are independent of each other and can be worked through in any order. The episodes draw from a wide range of themes: environment, technology, tourism, medicine, architecture, business and commerce, finance, law and sciences.
