

# INVITATION

## Improving Productivity through Resource Efficiency at Ford Australia

**Date:** Wednesday 22 Oct 2008 **Time:** 9.00am - 12.00pm

**Venue:** Ford Motor Company Australia, Sydney Road, Campbellfield  
enter via Barry Road gate

**Geelong Manufacturing Council and Sustainability Victoria invite you to a plant visit and briefing at the Ford Motor Company of Australia Broadmeadows Assembly Plant.**

As part of the competitive automotive industry, Ford Motor Company seeks to optimise its operations in all areas. The company has achieved positive outcomes in a range of areas that are necessary to remain competitive.

- Quality Operating Systems to reduce repairs, rejects and overtime.

- Electricity savings through control systems changes on compressor houses, Paint shop fans etc., reviewing usage and reducing loads on equipment.

- Labour efficiencies through facility speed changes and shift pattern changes.

- Material saves through paint automation efficiency upgrades.

- Water savings in paint processes through recycling and reverse osmosis systems.

**RSVP to David Peart by Monday 20<sup>th</sup> October 2008**

**Fax: 52212914**

**Email: [gmc@tpg.com.au](mailto:gmc@tpg.com.au)**
