

## Supporting other Congregations through Fundraising Events.

Gungahlin Uniting has the opportunity to be involved with other Uniting Church Congregations and the wider community as a way of supporting them and raising funds for our new building. This is an activity of the whole congregation and you are invited to volunteer by using this page as your own record **and** putting your name on the sheet at the back of the hall. Only those events that receive enough volunteers will be supported. Please put your name next to the events and times that you can help.

**Please note:** The Minister is not coordinating all these events and if you volunteer it is your responsibility to liaise with the coordinator for each event. The six events below are our limit for this year and we are unable to support other stalls/events including additional Gungahlin Market days.
