

On-line medications in sport list: A to F

This alphabetical list provides the status in sport for a range of **Australian** medications during in-competition periods.

Click on the link corresponding to the first letter of the product you wish to check then scroll to view the product. The symbol corresponding with the product name indicates its status in sport. Check the [key to symbols](#) for explanation of the symbols' meanings.

If the product you want to check is not listed:

- it may be an overseas product
- it may be a new product
- you may be using incorrect spelling
- you may be searching by a generic product name and not the brand name (this list contains brand names and not generic product names i.e. ingredients).

If the product is not listed return to the [Substance Information Resources page](#) for further advice.

Please ensure the name of the medication you are checking is exactly the same as the product listed. The information listed is appropriate during in-competition periods. You should check the ASDA Hotline (1800 020 506) for the status of medications during out-of-competition periods.

ASDA acknowledges MIMS Australia and New Zealand for its support and contributions to this on-line service.

Disclaimer

The classifications regarding use of medications in sport provided in this list reflect the professional judgment of MIMS and ASDA editorial staff, and are based on World Anti-Doping Agency guidelines. However, the decision to use or not use a medication is ultimately the responsibility of the individual athlete.

Key to symbols

	Product is permitted for use in sport (based on the World Anti-Doping Code 2005 Prohibited List)
	Product is prohibited from use in sport (based on the World Anti-Doping Code 2005 Prohibited List)
	<p>Indicates the product's use is subject to certain conditions. The product may:</p> <ul style="list-style-type: none">• be prohibited in some sports but not in others• be prohibited in some forms e.g. depending route of administration• require an Abbreviated Therapeutic Use Exemption (ATUE) to be provided to the relevant sports federation prior to use. <p>Contact the ASDA Hotline (1800 020 506) for more details on a product that is subject to certain conditions.</p>
