## The Band with the Unique Sound

Jocks n' Kilts was formed in 2004 by pipe band members as an entertainment group to push the bounds of pre-conceived thoughts of what Scottish and Celtic music is about. The band seeks to fill a market that has previously been untouched and of traditional nature.

Jocks n' Kilts is not just another band, but more of an interactive experience in entertainment involving the audience. The band is all about playing great music and enjoying performing it, and making sure that the audience enjoys it, too.

Jocks n' Kilts covers a broad spectrum of styles of music, incorporating numerous traditional and non-traditional instruments. We have been acknowledged by our employers and audiences, as being able to diversify the styles of music within any given bracket of performance. This range includes; Australian, Scottish, Irish and other Celtic tunes, songs and ballads and pop and rock music from the 50's through to the "Noughties".

As well as a range of vocals, we play the Great Highland Bagpipe, keyboard, bongos, bodhran, djembe, snare drum, cymbals, guitar, tin whistle, and a variety of other percussion instruments.

Jocks n' Kilts has performed at numerous venues throughout Queensland and Northern New South Wales, including many prestigious events. Some of these are; Southbank Parklands, Saint Patrick's Parade & Celebrations, Dooley's Hotel, Gold Coast International Hotel, Hoolihans Irish Restaurant & Bar (Hervey Bay), Manly Hotel, Manly Chamber of Commerce Hallowe'en Festival, Wynnum Services Club, International Tartan Week (Brisbane and Maclean), Maclean (Scottish Heritage Town of Australia), Dicey's Gladstone, Ormeau Fair, Brisbane City Council's Bands in the Park, and numerous festivals and private and corporate functions.

If you think that you have heard it all before, you haven't seen anything like Jocks n' Kilts. It's no idle boast that we are truly ...
